

Retirement Planning

What do I have to take into account before deciding to retire?

First, it is essential that you ensure that you are ready to enter this new stage of your life. It is important to evaluate your total income, depending on your age, after you have retired. How much will you receive from your RREGOP pension, the Québec Pension Plan, your Old Age Security Pension (payable at 65) and any additional income from such sources as registered retirement savings account (RRSP)?

For information on pensions visit:

Website RREGOP: www.retraitequebec.gouv.qc.ca

Once my decision is made, what's the next step?

Contact Lisa Malone or Carmen Vizarro, Human Resources Department. They will be pleased to provide you with the necessary forms and information for your application for a retirement pension. Retraite Québec advises that anyone considering retiring should apply three months in advance to ensure that pension payments coincide with the date of retirement.
